

Questions and Responses Regarding the Environmental Services Contractor RFP

Question #1

How many contract awards do you plan to make for this project? ANSWER: It is anticipated that one contract will be awarded.

Question #2

Does the qualified firms selected by MDNR need to bid on each site to do the work for each MBRLF participate? What is the selection process? ANSWER: The EIERA is seeking a single environmental consultant with this RFP and will request prices prior to assigning work. The selection criteria is included on the last page of the RFP. Proposals will be evaluated by a team, and the EIERA Board will make the selection.

Question #3

How many consulting firms will be selected? ANSWER: It is anticipated that the EIERA will select one firm to provide the services defined in the RFP.

Question #4

Explain the level of effort required for the BID prep following the Federal Procurement Process for Remediation Contractors? ANSWER: If requested by the EIERA, the selected contractor will prepare, or assist in preparing a bid package for cleanup contracts that meet all federal requirements. The level of effort will depend on the complexity of the project.

Question #5

What was the contract total for all awards under this contract for the same work in 2015-2016? How many consultants were selected? Will the 2017-18 work be similar? ANSWER: For the 2015-2016 time period, \$33,775 was paid under the current contract, which was awarded to one consulting firm. It is likely that work assignments in the 2017-18 period will be similar, but this is difficult to predict.
